Missouri Weekly Cattle Auction Summary 01/11/21

Receipts: 59,347 Week ago: 2783 Year ago: 58,533

Compared to very light receipts over the last two weeks, feeders under 600 lbs. sold 1.00 to 5.00 higher, with some 4 weights seeing sharply higher tops on some thinner fleshed high quality groups. Feeders over 600 lbs. sold mostly 2.00 to 5.00 lower. Typically the largest volume week of the year and the first week of 2021 set a pretty high bar with a very heavy supply of cattle covering the entire weight spectrum. Weather conditions over all were pretty favorable for transporting cattle and auctions ran late into the night at most locations. Some farmers are dealing with a little bit of mud in a few areas of the state mostly in the south, as temperatures aren't staying cold enough to keep the ground frozen. Demand was moderate to good, even though prices were lower on heavier weight cattle buyers still fought hard and bidding was active just lower price levels and many reporters noted that markets held whatever levels they had established though out the long auctions. Light weight grazing type calves with many more days left found the best demand as there is a lot more time for them to offer opportunities for profit. The steer/heifer spread is about 15.00 on the lighter weights and 10.00 on the heavier which is much more in line with what is generally expected. Feedlot sales for the week as of Friday were just under 73k prices were mixed with live sales ranged from 109.00-112.50 with an average price late Thursday of 111.54 which would be slightly higher. Dressed sales ranged from 174.00 all the way up to 180.00 on a few lots, the average as of late Thursday was 176.10 which would also be a touch higher. Friday's sales were a bit lower and likely going to pull those averages down to about even with the previous week. Boxed beef cutouts were also mixed choice closed Friday at 206.80 down 3.15 and select closed 196.69 up 1.01. Friday's Missouri Stocker Formula consists of 10,436 head with a weighted average weight of 560.95 lbs. and a price value of 153.69, 1.07 higher than last Monday.
